

# EXPORT CONTROL CLASSIFICATIONS

In Nordic Semiconductor (“Nordic”), we comply with relevant national and international import and export regulations and economic sanctions; in relation to all our business operations wherever we operate.

As the designer and developer of our products, Nordic provides relevant product classifications of our respective products (e.g., Export Control Classification Numbers, “ECCN” and Commodity Classification Automated Tracking System “CCATS” – where applicable) to enable sale and compliant exports by our 3rd party distributors or end customers.

All ECCN and CCATS provided herein are subject to change without notice. Any use of such classifications by 3<sup>rd</sup> parties do not, and should not, imply nor create any responsibility for Nordic, neither to arrange for any export licenses or certificates on behalf of distributors (or end customers) for their respective resales nor exports, or any responsibility for any damages whether direct, consequential, incidental, or otherwise, suffered by 3<sup>rd</sup> parties as a result of using or relying upon such classifications for any purpose whatsoever.

Please contact Nordic’s Legal and Compliance department ([LegalDep@nordicsemi.no](mailto:LegalDep@nordicsemi.no)) if you do not find a product/part in the list below.

# EXPORT CONTROL CLASSIFICATIONS

Hardware Part No:	ECCN:	CCATS:	US License exception reference:
NRF24AP2-1CHQ32-R	5A991.G		Telecommunication equipment, not controlled by the 5A001, only controlled for AT reasons
